

## Choctaw Nation Data Center Durant, OK

### PROJECT DESCRIPTION

The Choctaw Nation of Oklahoma needed a new primary data center in Durant to serve the needs of the Nation in Southeastern Oklahoma. The facility's exterior is hardened, making it capable of withstanding 250 mile-per-hour winds. In the event of a power outage, back-up generators allow both IT and emergency operations services to continue uninterrupted for 48 hours.

### LOW VOLTAGE DESIGN SCOPE

- CPI Cabinets, Panduit Fiber Distribution & Connectivity
- Redundant fiber links to the Choctaw WAN
- Paging System
- Audio/Visual Systems
- Access Control System including biometrics
- Video Surveillance System

### SIZE

14,500 sf

### CONSTRUCTION COST

\$5,800,000

### COMPLETION DATE

November 2017

### ARCHITECT

FSB Architects

### OWNER

Choctaw Nation of Oklahoma
