Rock Hill High School
Prosper, TX

PROJECT DESCRIPTION

The new Rock Hill High School, has a collegiate aesthetic to its architectural character. It has flexible class rooms and labs as well as programs that focus on career readiness. Rock Hill also includes athletic and fine art amenities and a 1,000-seat auditorium, competition arena, and an indoor practice facility. Students can access outdoor courtyards daylight along with a student union, dining area, and a library/media lab. Administrative offices and teacher work spaces are distributed throughout the building that encourage small learning communities.
