

TECHNOLOGY • SECURITY SOLUTIONS

Tulsa County Admin Building
Tulsa, OK

PROJECT DESCRIPTION

In order to better serve it's residents, Tulsa County needed a modern office space that would allow them to consolidate many county departments under one roof.

After purchasing an existing downtown mid-rise, a complete remodel was initiated. The renovated facility includes a new commissioner's room, conference rooms, snack bar, ample office space, and a fitness facility all protected with state of art safety and security systems.

LOW VOLTAGE DESIGN SCOPE

- Access Control System
- Video Surveillance
- Intrusion Detection
- Security Intercom System
