

Black Hawk Health Center Stroud, OK

PROJECT DESCRIPTION

The Sac and Fox Nation's Black Hawk Health Center has tripled in size from 12,000 square feet to 36,000 square feet. This allows the facility to bring new services into the clinic, including optometry, a drive-thru pharmacy, and physical and occupational therapy areas. The busy health center had to remain open while the additions were being built around the existing facility, which made the project complex.

LOW VOLTAGE DESIGN SCOPE

- Network Infrastructure
- Audio/Visual Systems
- Video Surveillance
- Access Control
- Intrusion Detection
- Nurse Call

SIZE:

36,000 sf
